3. Configure config.lua

Create a config.lua file in the same folder with the following:

```
Config = {}
Config.ExerciseCost = 50
Config.ExerciseRadius = 5
Config.Marker = { Positio
Config.ExerciseDuration =
Config.HealthGain = 10 --
Config.UseProgress = true
Config.ProgressType = "ox
Config.UseOkokNotify = tr
Config.RemoveCrutch = tru
Config.Keybind = 38 -- De
```

4. Start the Resource
